

The SEED WORKSHOP

Grow Yourself and Grow Others

Best-selling author Jon Gordon and his trainers share the answer to the challenges faced by many school leaders. How do you keep your educators committed and passionate about the work they do and the children they teach? The research shows that people are most energized and engaged when they are using their strengths for a bigger purpose beyond themselves. Thus, in this thought provoking and engaging workshop we share the essential principles to help you, your team and school to educate with more passion and purpose.

As part of this program you will:

- Discover the 4 stages of purpose and identify what stage you are in.
- Identify individual purpose at work.
- Help others identify and leverage strengths to achieve purpose at work.
- Understand how by serving in small ways you get more opportunity to serve in bigger ways.
- Create your personal purpose statement.
- Leave with a plan to live and share your passion and purpose.
- Create a culture of Development for your School.
- Enhance engagement, productivity and performance in yourself, your team and your school
- Increase the retention rate of your best talent by reinforcing the “Y” or “Purpose” in everything they do at work

Who Should Attend:

Our world-class facilitators are able to conduct workshops and training with everyone in your organization at every level.

Length of Workshop

½ day or 1 day

Workshops are conducted by one of our world class facilitators (not Jon Gordon). To have Jon present please request this in your email. *Note: Jon's pricing is substantially higher than our facilitators.*
