

## **TRAINING CAMP WORKSHOP:**

What the Best Do Better Than Everyone Else

Based on his work with professional sports teams, world-class organizations, and interviews with top professionals in a wide variety of fields Jon Gordon has found that the best of the best, whether they play sports or the piano or work with numbers, a computer or a scalpel, all share the same eleven traits and habits that cause them to excel in their work and life.

There is a formula for success. There are habits that the best do that others don't and things that the best do better than everyone else. This formula is predictable, repeatable and a process anyone can follow...especially YOU. In this spirit you're invited to take part in this workshop and discover the insights and proven strategies on what it takes to bring out the best in yourself and your team.
